

WIRELESS TELLS OF SUCCESS OF GERMAN ARMS

MANY FRENCH TROOPS ARE TAKEN BY GERMAN ARMIES NEAR BORDER

The first dispatch direct from Berlin uncensored by the authorities with the nations at war with Germany was received today by the Associated Press through the medium of the Goldburg Wireless Telegraph Company's station at Tuckerton, N. J. It contained the information that during the fighting at Mulhausen that over 1,000 French officers were taken and 4 cannon captured. While over the border near Longwy the Germans also took 1,000 French prisoners.

Developments in the war zone which appears chiefly confined to the Belgian territory, are made vague owing to the strict censorship of news over military movements. Positions occupied by the main body of Belgian, French and British forces are not permitted to be disclosed so that the plan of campaign can not be assumed. As to the German forces, indications from various sources point to the concentration of the main body with its right wing in Belgium and its west wing in the vicinity of Luxembourg. The Germans, it is said, have gathered 26 army corps along the eastern frontier facing Belgium and France and many of the German troops are stationed along the Rhine. One dispatch asserts that the defense of Germany's Russian frontier has been left to an army made up of reservists.

The disposition and strength of French invaders in Alsace where they are said to hold a long line in the German borders is kept a secret. On the son the reported arrivals in the Ardennes of the German cruisers Goeben and Breslau has led to rumors of their probable disembarking until the end of the war.

In the North Atlantic, although the Rear Admiral has declared it

clear of German cruisers as far south as Trinidad, the French liner Rochambeau, which was to leave yesterday with French reservists was held in New York by orders from France.

In the North Sea, which the British government says may be strewn with mines, the main squadron of British battleships are still out, but their positions are not publicly known. Neither is the position of the main fleet. Reports from Dover say that heavy cannonading lasting an hour was heard this morning coming from the direction of the North Sea.

The Austro-Hungarian fleet, owing to the declaration of war by England together with that of Germany is said to be in the Adriatic Sea, where it was recently occupied in blockading the coast. The British squadron in the Mediterranean is reported to be searching for the Austrian fleet.

Belgian reports say that a strong force of German cavalry supported by German cavalry and infantry artillery after fighting at Haelen was thrown back. The Germans killed and wounded are said to have numbered 35 of the 5,000 men engaged while those of the Belgians reported "relatively light."

Belated Primary Returns May Bring New Faces To Front

Columbus, Aug. 13.—Unofficial returns from 26 counties, including Cuyahoga, Hamilton and Franklin, made to the Secretary of state's office today confirm earlier predictions that John H. Arnold of Columbus, may have been nominated as Republican for Lieutenant-Governor over Albert H. Morrill of Cincinnati, and

James W. Caldwell of Toledo. Earlier reports yesterday gave Morrill a pronounced lead. The 26 counties now give Arnold 32,964; Caldwell 26,759 and Morrill 24,914. Archer of Bellaire, also appears to have a slight lead over Chas. E. Stinebaugh, of Bowling Green, for Republican candidate for state treasurer with 25,186 to Stinebaugh's 24,940.

BELGIANS CLAIM A VICTORY AT HAELEN

Brussels, Aug. 13.—An official communication issued confirms yesterday's success of Belgians at Haelen. It says German casualties were very heavy, three-fifths of troops engaged in the encounter being killed or wounded while Belgian casualties reported relatively small.

Belgium, Aug. 13.—The fighting between the Belgians and Germans in the vicinity of Haelen constituted the first encounter of the war. It was known as the battle of Haelen. Shells were still falling at 7 past seven in the evening around Diest, in the province of Zellchen. A German attack last evening all country between the three mentioned had been clear. German troops except the wounded and who were taken away from the front. Upwards of 200 dead Germans were counted in a square of Diest. A church and brewery were set afire. Large quantities of booty were captured on the battlefield and had been stashed in front of the town hall of Diest. Many

horses were also captured. The strength of the German column was about 5,000 men. The minister adds: "The Belgians and the forts around Liege are intact and are prepared to resist all attacks. There has been no important change around Liege and no truth in reports that the 10th French infantry was taken at Bry. At the end of his communication the French minister says: "France is gratified by the attitude of America."

SICK SAILORS

San Francisco, Aug. 13.—The German consul and some newspaper men boarded the German cruiser, Leisig, today to bring two sailors who were sick ashore. The Leisig was cleared for action and was on the lookout for French cruisers who were reported in the vicinity.

PRESIDENT INQUIRES INTO ADVANCE IN FOOD PRICES

Washington, D. C., Aug. 13.—President Wilson today called the attention of the attorney general to his rapid rise in food prices and addressed a letter to the department of justice to ascertain

whether there is a conspiracy. He said: "The rapid and unwarranted increase of food stuffs in this country is so serious that I take the liberty of calling attention to it. I would be very much

obliged if there is any existing laws for action which the department of justice would take by way of legal action or what federal legislation, if any, would in your judgment be justified and warranted

under these circumstances." "I feel that this is a matter which we cannot let pass by without trying to serve the country. Certainly the country ought to be defended against men who would take advantage of circumstances to increase the price of food." — Signed Woodrow Wilson.

As president of the American Red Cross, President Wilson made an appeal for funds to take care of the sick and wounded in the European war.

BACK TO THE PLOW

BISHOP HARTLEY IS CHAIRMAN OF SHIP RELIEF COMMITTEE

New York, Aug. 13.—The largest portion of the 900 American refugees who arrived here last night from Europe on the liner Philadelphia left for their homes today. The majority who were in a perilous condition when the ship docked were met at the pier by friends with money or were informed by telegram that funds awaited them at telegraph offices. The committee appointed by Mayor Mitchell gave immediate relief today to all the Americans who did not receive money on their arrival and transportation tomorrow if funds are not received from their homes. Refreshed by a night of uninterrupted sleep the remaining refugees today looked back on their experience as of a humorous nature. They laid particular stress on conditions aboard. The New Philadelphia carried 1013 passengers, including 113 aliens—perhaps the highest load in her career. Six hundred Americans occupied the cabin of the ship, crowding it to its extreme limit. In staterooms there were about 198 Americans, while about 100 men unable to get rooms slept on the floors and tables each night. Among those who had to take quarters in the staterooms and were glad to get such accommodations under the circumstances were prominent society people from Philadelphia, Louisville, Ky., and Cincinnati, as well as New York City. The passengers today were high in their praise that some of their fellow passengers who formed a committee aboard and did everything possible to better their conditions. Among the members of the committee were Chairman, Rev. James J. Hartley, bishop of Columbus, O., Dr. John G. Gallagher, of Cleveland and Wm. Plunkington of Milwaukee.

NOTICE TO TIMES READERS!

Readers of The Times should know that since the cables to Germany have been cut nothing but an exceedingly meager service through London is possible from any points within either the German, the Russian or Austro-Hungarian empires; and even these dispatches are very rigorously censored by the British authorities. The reports from France and Belgium are all subject to like governmental supervision. The Times has the advantages of three great news gathering agencies that are leaving no stone unturned in order to secure reliable reports of war incidents.

GERMANS ARE DRIVEN BACK AT SPINCOURT

Paris, Aug. 13.—The war office announced that the French army operating at Spincourt after being forced to retreat by a German force was reinforced and assumed the offensive and drove the Germans back on their advance base with heavy losses. The French broke the lines of the Germans with a fierce bayonet charge. The loss is said to be severe. One German battery is said to have been destroyed and captured at the point of bayonets.

PROBE FOOD PRICES

New York, Aug. 13.—Investigation of an alleged conspiracy to increase food prices was to begin today by District Attorney Whit

SIX VESSELS CHARTERED

Washington, Aug. 13.—Immediate charter of six vessels to go to Europe for Americans, was agreed upon by Secretaries McAdoo, Garrison and Daniels, and Assistant Secretary of State Phillips, of the state department. They will carry 8,000 passengers at as reasonable rates as possible.

JAP VESSEL BORED BY SHOT

Shanghai, Aug. 13.—The Japanese steamer Shinkoku Maru was seriously damaged today and one of her crew killed by a cannon shot fired from the British fort at Hong Kong while the vessel was entering the harbor. The boat paid no heed to the harbor regulations. Two warning signals were fired over her bows, but she did not stop, and the third shot struck her amidship. A government tug afterward assisted her to her berth.

London, Aug. 13.—Turkey gave formal assurance today that she is remaining neutral in the European war.

ENGLAND AND FRANCE DECLARE WAR WITH AUSTRIA NOW EXISTS

London, Aug. 13.—The government press bureau officially announced today that a state of war existed between England and Austria and the admiralty sent notifications to that effect to all British ships.

Paris, Aug. 13.—The government today officially proclaimed a state of war between France and Austria.

London, Aug. 13.—Orders to constitute the British fleet. They day were flashed to the British fleet in the Mediterranean to strike the Austrians. Orders sent by the admiralty announced that a state of war existed against Austria since midnight. The Austrian fleet is cleared for action and is lying about 15 miles off the naval base of Pola. The son, "Three first class battle cruisers, several strong enough to with stand a bombardment.

Kaiser Pleads With Nations To Join In War With Germany

Rome, Aug. 13.—Kaiser Wilhelm is making a supreme effort in the courts of Greece, Rumania and Bulgaria to have these nations side with Germany and Austria in the war. This is admitted in official circles while the negotiations of the Kaiser's representatives are being closely followed. That the Balkans must be drawn into the war is considered inevitable here, but they will unlikely line up with Germany. That Greece and Turkey must be dragged into the fight is inevitable, but Turkey will arrange it. The situation in Italy is neutral. The anti-Austrian feeling continues to increase but the government insists it will remain neutral. Food prices have advanced rapidly and factories have closed. The suffering among the poorer classes is intense.

German Consul With Much Wisdom Offers Rebuke To Society

Cincinnati, O., Aug. 13.—Oscar Mezger, German consul in Cincinnati today issued this statement: "The German Day association has adopted a resolution in which it is declared that President Wilson owing to a singular Anglo-Mania is not observing the spirit of true neutrality. I regret that such an assertion in such a form should emanate from an influential German American source. This does harm to the German cause by an unfounded statement of this sort. As a German representative I feel deeply indebted to Germans who want to see fair play. He who demands fair play must give fair play. I am convinced that President Wilson is honest, and fairly neutral."

FINANCIAL CONFERENCE

Washington, Aug. 13.—The question of raising \$100,000,000 to offset the loss to the United States on import duties expected to result from the European war was up for a conference today between Secretary McAdoo and Secretary Underwood of the ways and means committee.

London, Aug. 13.—A telegram from Paris today says the German troops shot the mayor of Isigny, a village between Lunenburg and Arras on the Franco-German frontier.

Most of the rain and all the glory in this weather business comes in just hitting the Irish players. This rain along with the don't get you notion and that's why I sometimes say "fair weather" or something innocent looking like that and then proceed to pull off something there as in the case of the recent all day rain. Some folks got the idea that I didn't know that rain was coming—but shocks what's it? use argu'm' with people like that. Just watch this one for tomorrow.

Thin People Can Increase Weight

Thin men and women who would like to increase their weight with an increase of health and vitality should try eating a little sugar with their meals for a while and note the result. There is a good reason for this. Sugar adds weight to the body and makes the body more plump and healthy. It also adds to the blood and makes it more rich and healthy. All this is done in a simple and easy way. Just eat a little sugar with your meals and you will see the result in a few days. The sugar will add to the blood and make it more rich and healthy. "NO SORE SPOTS ON ME," SAID WILLIAM TIPTON

Wm. Tipton, who was one of the defeated candidates of the Republican primary Tuesday, was in the city Thursday from Upper Nile township, his home. Mr. Tipton made a good fight, considering the fact that he confined his campaign to a few townships, he made a great showing, securing heavy votes where he visited.

Talking of the result, to a Times man, Mr. Tipton said that he had no sore spots on him. He had made a fight, he had been treated all right by his opponents and had tried to be fair with them. He congratulated the winners and assured them that he would do his utmost to help elect every man nominated on the Republican ticket last Tuesday.

Automobile Tires Are Going Higher Will Buy In East

Local automobile dealers received notice Thursday of an advance of from 10 to 20 per cent in the price of automobile tires due to the European war.

Crude rubber has advanced 100 per cent and the supply of factories is reported to be almost exhausted due to the interference with shipping. Most crude rubber comes from India and a good deal from Brazil. Dealers are looking for a still bigger advance in the price of tires within the next few days but feel that it will be reduced once shipping is restored to a normal condition.

The price of chemicals for druggists and photographers continues to advance and most supplies houses have withdrawn their lists.

The Movies

Mary Pickford

At Lyric Today and Tomorrow

Bigger, better grander than ever, comes America's Sweetheart, Mary Pickford, to the Lyric today and tomorrow in a distinctly novel and typical characterization.

"The Eagle's Mate," a story of the Virginia Mountains in two wonderful reels. Superb in every detail, Mary Pickford in "The Eagle's Mate" scores a triumph even greater than the magnificent successes attained in her recent productions.

The story abounds in thrills that are honest, exquisite, poignant, a story pulsant with primal passions and the joy of life. The Eagles in their Eyrie are lawless dwellers on the mountain peak. They live from their hearts. They seek at the conventions of the valley people.

The colorful setting, adequately framed to the folk of the story—a strong, fierce folk, scornful of any law, save that written large in their own hearts. The heroine, at the outset a dainty slip of beauty, adorably girlish, wild and beautiful, mounts from the Valley to the Eyrie, and through the stress of that mounting she realizes the stoniest sacrifice for love, and attains the full accomplishment of her womanhood. A simple and masterful story of life and love.

The afternoon shows on "The Eagle's Mate."

See The European War At The Exhibit Tonight

Reports of the desperate fighting in Europe and the immensity of one of the greatest wars in the world's history, continues to reach the United States. England, France, Belgium, Russia, Japan, Serbia and Germany and Austria-Hungary are involved in the struggle. Bulgaria, Roumania, Greece and Turkey give promise of becoming involved. Millions of men armed with deadly weapons will be pitted against each other. Death will reap its richest harvest. Guns are roaring, human forms crumble to the ground beneath the withering fire of machine guns. Forts are being shattered by the sweeping fire of the Krupp's, Howitzer's and immense siege guns.

Some idea of that appalling war can be secured at the Exhibit tonight. Manager Law has carefully arranged for the stupendous war picture "War is Hell." It is not only realistic but rather appropriate as the scenes are laid in Austria and Bosnia—now the world's greatest battlefield. It shows actual fighting not only on land but in the air. Airships fighting to destruction. All this is shown in four reels in one of the greatest pictures that has ever come to Portsmouth. Tonight is your only chance to see it.

TO-DAY and
TOMORROWLoss Of Germans In
Mulhausen Battle
Reaches Thousands

London, Eng., Aug. 13.—A Basel dispatch says that according to latest estimates the Germans lost between 8,000 and 10,000 men in the fighting at Mulhausen.

The Swiss correspondent reports that the hospital facilities at Mulhausen proved inadequate to care for the wounded and that schools, hotels and churches had to be utilized, all being filled. Finding it impossible to take care of all those suffering with wounds, the civic authorities secured permission from the Germans and French to send the hundreds of wounded by special trains to Mulheim, St. Ludwig and other towns.

CENSORSHIP
RULES

Washington, Aug. 13.—It has been decided to impose the same censorship on French and English cables as is now imposed on German wireless stations at Tuckerton, N. J.

FRENCH WAR
LOAN

Washington, Aug. 13.—J. P. Morgan & Co. have inquired of the state department what the attitude of the United States government would be toward a French war loan of several hundred millions to be floated in this country. It is also understood that certain financial houses have approached the government with a view to ascertaining its attitude for an unnamed amount.

Refugees
Are O. K.

Berlin, Aug. 13.—Four hundred American refugees arrived here today on a special train from Berlin. They were accompanied by James W. Girard, American ambassador to Berlin. The refugees will sail for the United States on a Dutch liner as soon as arrangements can be completed and Mr. Girard will return to Berlin.

Treaties
Ratified

Washington, Aug. 13.—Secretary Bryan's peace treaties with the Netherlands and Norway were ratified by the senate today. They are the first of twenty pending. They provide for commissions of inquiry before resort to arms in international disputes, which ordinary resources of diplomacy fail to settle.

Barbaric
Tactics

Brussels, Aug. 13.—Belgian officials charge that the Germans, maddened because of their reverses, are resorting to barbaric tactics, torturing civilians and killing the wounded. Declaring that he was prepared to prove his charge, the foreign minister today called a meeting of the diplomats of neutral nations to unite in protest against a continuance of the practices.

David Tod
Trial

Columbus, Aug. 13.—David Tod, of Youngstown, defeated candidate for Republican nomination for governor, was on the witness stand most of today in police court on a charge of libeling Fred M. Sayre, Franklin county auditor, by saying Sayre solicited \$5,000 for supporting Tod. He testified that Sayre said: "We need \$5,000 to put you across here." "Then we will lose the county," he said he told Sayre.

ITALY TO BE
NEUTRAL

Rome, Aug. 13.—Following an official announcement that England had declared war on Austria, a cabinet council was held and no announcement made but it was considered certain there would be no change in Italy's position. It is expected that Austria will demand that Italy adhere to its treaty pledges and come to the aid of Austria on the condition that Austria has been attacked by England. If this demand is made it will be refused, according to the best information.

Simple Application
That Dissolves
Blackheads

No more squeezing and pinching to get rid of those unsightly blackheads. There is one simple, safe and sure way to get them out and that is to dissolve them. To do this just get about two ounces of powdered peroxide from your druggist—sprinkle a little on a hot, wet sponge and briskly over the blackheads for a few seconds—wash the parts and every blackhead will be gone. Blackheads make large pores and you can not get all of the blackheads out this way—while this simple application of powdered peroxide and water dissolves every particle of them and leaves the skin and pores in their natural condition. Any druggist will sell you the powdered peroxide and about two ounces will be all you will ever need.

This photograph shows the German soldiers during the siege of Liege. The soldiers are seen at rest during a truce, appearing exhausted and weary. They are surrounded by the ruins of the city, with debris and smoke in the background. The image captures the human cost of the war.

WAR BULLETINS

Stockholm, Aug. 13.—Two German cruisers were sighted today near the Island Lenzard off the south coast of Sweden. Others were seen as far north as Gothland and it is believed that an entire squadron is headed for Swenborg and is preparing for bombardment.

The Russian fleet is in Finnish waters and a naval battle may be fought with the German ships.

Dover, Aug. 13.—Heavy cannonading was heard here this morning, reports coming from the northeast. The firing lasted an hour.

Vancouver, British Columbia, Aug. 13.—The British cruiser Rainbow reached here today conveying the Sheerwater. The Algonine is expected in later today.

London, Aug. 13.—A dispatch from the French foreign minister issued by the French embassy reiterated that the French troops behind Mulhausen, Alsace, have not retired but have victoriously resisted an entire German army corps.

Brussels, Aug. 13.—Yesterday at Tirlemont, the Belgians lost 25 killed while fighting 2,000 Germans, who lost 250 killed, according to a report published here.

St. Petersburg, Aug. 13.—An official statement says that Germans were repulsed in attack on Eydkuhneu.

Brussels, Aug. 13.—Peasants report that Germans are waging a war of extermination. They allege that troops are firing on priests and are killing people indiscriminately. Whole villages are being wiped out, according to the story.

London, Aug. 13.—The Central News published a dispatch from its Tokyo correspondent stating that the Japanese fleet is to assist in the attack on the German fleet at Finslow.

Athens, Aug. 13.—The King today called a council of the cabinet of all the living former ministers to decide on the future of Greece. The pressure to participate in the present war is great, but it is understood that the King desires to remain neutral at least for the present.

Brussels, Aug. 13.—It was officially announced that the German advance toward Namur had been checked by the Belgians. The German losses are reported enormous. It is claimed that Belgians have captured several modern field guns mounted on auto trucks. The Belgian cavalry protected by infantry moved so rapidly that the German plans were completely upset.

St. Petersburg, Aug. 13.—According to semi-official dispatch, the German troops at Kalisz, Russian-Poland, have issued a proclamation that every tenth inhabitant of Kalisz will be shot in case of further resistance.

Brussels, Aug. 13.—A communication says that a German force proceeding in the direction of Eghezee was attacked and repulsed this morning by the Belgian troops. The Germans suffered severe casualties. The Belgians captured machine guns.

St. Petersburg, Aug. 13.—A Russian force has taken the town of Sokol in Austrian Galicia by assault inflicting heavy casualties on the Austrian army according to a semi-official announcement.

the trials of the defending Belgians to fight every hour during five days, have been great. They have not equalled the hardships of the time at the cost of lessened effort in the main troops, who attacking in a for assault against the stubborn fortification and hostile country, have had no rest.

Winnipeg, Manitoba, Aug. 13.—Four infantry regiments of Winnipeg, 2,000 strong, were called to mobilize at Quebec by an order from Ottawa. They leave Monday night. The local battery will accompany them.

JAPAN MAY HELP
ALLIES IN EAST

London, Eng., Aug. 13.—A dispatch from Shanghai says: "The German minister in Tokyo reports arrangement between the Japanese government and the British and Russian ambassadors to the effect that Japan may assist the British and French fleets in attack upon Tsing-Tan, the German naval base in the far east. The base is garrisoned by 5,000 German troops and reservists. All British subjects have been expelled."

4,000,000 FRENCH
TROOPS IN FIELD

Paris, France, Aug. 13.—That France has gathered her army of 4,000,000 men, and is now ready for the decisive conflict that will decide the war, was the inference drawn today by military experts from an announcement that ordinary traffic on the greater part of her railways would be resumed. The only exception is on the eastern line which will be prevented for a short time by the military authorities.

ARE AIDING
AMERICANS

(By Frederick Werner)

Belin, Via Copenhagen and London, Aug. 13.—The German government today ordered that if further steps be taken to facilitate the departure of Americans from the country. With mobilization practically complete, many railroad trains have been released from military service and these will be devoted to helping foreigners who will be relieved.

A special train carrying 100 Americans left for Holland this morning and preparations for the departure of many others are being pushed. Cash is now being paid on letters of credit by the large banks and this is serving to relieve the fears of the Americans who are stranded here.

Mrs. Gladys of Fourth Street, recently had her first, her cousin John, of Kildare, Ireland.

TURKEY BUYS
SHIPS

Paris, Aug. 13.—It is declared here that the alleged purchase by Turkey of the German cruisers Goben and Breslau as announced at Constantinople, will be the subject for an explanation on Turkey's part to France and her allies.

BOND ISSUE
GRANTED

Columbus, Aug. 13.—The long expected entry of an international line into Athens was made possible today by public utilities commission by authorizing a \$300,000 bond issue of the Hocking Sunday Creek Company.

ARRESTED AT
FRISCO

San Francisco, Aug. 13.—San Francisco had 35,415 arrests during the year ended June 30, 1914, according to figures just made public by the police department. This is 1,582 more than during the year ending June 30, 1913.

"Which proves," said Captain Bernard Judge, property clerk and keeper of police records, "that the city is growing rapidly."

Red Row Is Again In The Limelight; Other Police News

SUFFRAGETTE DENIAL DAY

Mayor Erick took drastic steps Thursday morning in a bid to break up an alleged disorderly house on Mill street, in the property known as the Red Row, when he fined Kirk and Johnson, the occupants, \$25 and costs, and Melvin Jenkins, fellow-stay-in and Christine Cooper, each, \$10. The quartette was arrested late Wednesday afternoon in Johnson's house by Officer Grant Gohagen, who testified in police court Thursday morning that he found the three men and the woman in a disorderly manner, the latter being practically nude.

Johnson was subjected to a severe grilling by the mayor, who reminded him of frequent complaints that had been registered against the house of late. Not one of the four was able to pay a fine and the three men were put to work on the streets, while the woman was sent to the Hempstead hospital to work out her fine as a domestic. Carrie Johnson, wife of the defendant, against whom an affidavit was filed, was released, as it was shown that she had no part in the disorder at her home Wednesday.

Charles Trent, sentenced on a charge of drunkenness and disorderly conduct, pleaded guilty and was fined \$10.

The case of James Johnson, ordered, charged with creating a disturbance in the New York ice cream parlor in the North End, was continued until Friday morning, owing to the absence of the material witnesses.

The mayor dismissed an affidavit against Mr. Ayle Spriggs, who was charged with assault by a young man named John Smith. The mayor decreed that there was no just cause for filing the complaint. Mrs. Spriggs was defended by Attorney William R. Spriggs.

The Successful Man

MORE than nine times out of ten you will find that the successful man began his success by first being a prudent man. He early learned the value of saving and began putting his surplus in bank. There is character and force about the man who has money in bank. He begets confidence in himself and confidence and credit from the community. He becomes recognized as safe and dependable. Opportunities begin to come his way and having some means he is the better able to profit by them.

The first step towards success is saving. We want to help you in that step and we offer you the security and facilities of our bank. One dollar will open a savings account and we allow interest on all savings deposits and compound the interest.

Meeting Saturday At McDermott To Discuss New Road

An important meeting will be held at McDermott next Saturday, at ten o'clock, when citizens of McDermott, Otway, Rocktown, Henley, Arion, Radnor and Portsmouth will assemble to discuss and view the proposed route of a new road from Rocktown to Henley. The road is to run up Brush Creek valley through McDermott, Arion and Camp Metal beach, and those interested in the road say that it will not only fill a long-felt want in the community, but will aid Portsmouth by opening up a better and quicker route to this city.

It is pointed out by the promoters of the road that Brush Creek valley is the only one in the county that has no fill.

The road, as proposed, will practically parallel the N. & W. and will have almost the same grades.

It is hoped that there will be a large representation from all the different communities at the meeting Sunday at McDermott.

Worth it. "I understand that tenor keeps his voice in order by swallowing glycerin, menthol, camphor and all of class," said the musician. "Great Scott!" replied the ordinary individual. "No wonder he insists on such high wages!"

Miss Dolly Wise

She is here to answer any and all questions concerning love, matrimony, trouble, woo, etiquette, etc. Inquiries should be addressed to Miss Dolly Wise, care The Daily Times, Portsmouth, Ohio.

Dear Miss Wise.—In getting a marriage license must the girl accompany the gentleman? Must the minister be engaged before getting the license?

Yes. He is supposed to be.

Dear Miss Wise.—I have a daughter 15 years old. She thinks because most of the other girls her age, have a beau, she must have one, too. Do you think it would be all right for a boy friend to bring her home from church? Please tell me what you would do if you were in my place.

THANK YOU.

Invite the young people to your home, both boys and girls; but try to avoid as much as possible the singing out of one boy by your daughter for a beau. She is too young to have company.

Dear Miss Wise.—I am engaged to a young girl, but we are keeping it a secret from our relatives and friends. I live within a square of her and call on her very often. She does not want me to go to see other girls, but she has other fellows call on her regularly. Do you think that is right?

In two years too long to be engaged to a girl? I am 20 and she is 18. Do you think we are old enough to marry?

YOUR FRIEND.

No. It depends upon the circumstances. You are too young. Wait a few years and you may have an altogether different view of marriage.

Dear Miss Wise.—I am a milliner 28 years old. I recently met a gentleman who seemed to admire me exceedingly from the very first moment we met. After a week's acquaintance he proposed and I accepted him. We want to be married at once. My folks think I ought to know more about him. I am deeply in love with him and can't see why we should wait. Please tell me exactly what to do.

BMMA.

I advise you to wait awhile. Often these hasty marriages are unhappy ones. Don't marry in haste and repent at leisure.

Dear Miss Wise.—I am desperately in love with a lovely and popular lady. She seems to be pre-

ferred and when he heard it it made him awfully sick. Am I doing the right thing in living with him, hoping that some day he will ask my forgiveness? I did not realize that he still cared so much for this other woman, and know that this can't love me and care for her too. Can I sue her for alienation of my husband's affections?

BROKEN HEARTED.

Try to forget all about it, and do your duty. Your husband can't harm you. He is only harming himself. Don't lower yourself by bringing such a suit.

Dear Miss Wise.—At what age are children counted in the population of the United States?

J. G. D.

As soon after their birth as the census is taken.

IOWA WOMAN TELLS OTHERS

How Lydia E. Pinkham's Vegetable Compound Carried Her Safely Through Change of Life.

Cedar Rapids, Iowa.—"At the Change of Life the doctor said I would have to give up my work and take my bed for some time as there was no help for me but to lie still. I took Lydia E. Pinkham's Vegetable Compound and kept up my work and now I am over the Change and that is all I took. It was better for me than all the doctor's medicines I tried. Many people have no faith in patent medicines but I know this is good." Mrs. E. J. Burgess, 354 8th Avenue, West, Cedar Rapids, Iowa.

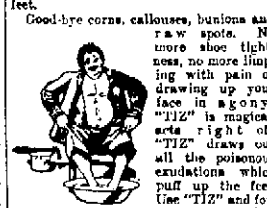

Such warning symptoms as sense of suffocation, hot flashes, headache, heart-aches, dizziness, nervousness, fainting, palpitation of the heart, sparks before the eyes, irregular menstruation, variable appetite, weakness and irregularity, and dizziness are promptly healed by intelligent use of Lydia E. Pinkham's Vegetable Compound when woman's great change may be expected.

Lydia E. Pinkham's Vegetable Compound invigorates and strengthens the female system and builds up the weakened nervous system. It has carried many women safely through this crisis.

If there are any complications you don't understand write Lydia E. Pinkham Medicine Co. (containing) English, French, German.

Mrs. N. Toomey and son Edwin of Chattanooga, Tenn., are expected Sunday for an extended visit with Mrs. A. Hubman of Grandview avenue, and Mrs. Jennie Toomey of Harvard Place.

Chin as Point of Beauty.

The habit of absent-mindedly finger-ing the chin is imprudent because in doing so the skin may be stretched and the pores unduly enlarged, inducing wrinkles and extraneous matter to gather. After the age of twenty-two or twenty-three years it is well to watch with jealous care this particular portion of the face.

IN MEMORIAM

"GRIM REAPER DEATH"
(By Capt. D. A. Murphy, Point Pleasant, Ohio.)
Inscribed in Brotherly Sympathy to Our Beloved and Gently Bereaved President, Gov. Woodrow Wilson.

In lovely Spring, when song birds sing,
In summer days, when glint sun rays;
In Autumn time, when church bells chime,
In Winter drear, and Christmas near,
Or young or old, in hut and hall,
And day and night, Death comes to All!

To Wilson's wife, Heaven opens wide,
All Saints in life like Christ have died!

Then, Doty, who has been ill at his home on Grant street with nervousness, is considerably improved. Mrs. Doty has been ill for several days.

Miss Eva Thomann, of Conra street, underwent a delicate surgical operation at Hempstead hospital Tuesday evening. She is reported doing as well as could be expected.

Edna Torare, little daughter of Mr. and Mrs. Frank Torare, of Glover street, had her tonsils and adenoids successfully removed Wednesday by Dr. George S. Mytinger.

Robert Cullen, Jr., of 1045 Twelfth street, had his tonsils and adenoids removed Wednesday by Dr. George S. Mytinger.

Breakdown Caused by Coffee

"I am satisfied," says a prominent physician, that coffee is responsible in a great degree for the premature breakdown of our active men and women.

"They suffer from caffeine poisoning."

"Of the truth of this, there is not the shadow of a doubt. Our common sense tells us that the daily swallowing of caffeine" (the alkaloid in tea and coffee), "powerfully affecting heart and brain—is followed by nervous depression, and finally by more or less disastrous results."

"I believe if people in general would use a harmless, nutritious drink like Postum as a beverage in place of tea and coffee, their physical and mental condition would be much improved."

Thousands, troubled with nervousness, listlessness, sleeplessness, headache and heart flutter, have done precisely what this physician advises—given up tea and coffee and adopted

POSTUM

with happy results.

"There's a Reason"

Postum is a pure food-drink, made from wheat and a lot of molasses, containing the nutrition of the grain. No artificial flavors—no drugs—no harmful ingredients in Postum. A delicious, nourishing beverage.

Postum comes in two forms.

Regular Postum—must be boiled, for and 100 packages.

Instant Postum—soluble—made in the cup, in 50c and 10c tins.

Grocers everywhere sell both kinds and the Post per cup is about the same.

EXPECTED BATTLE AT STRASSBURG WILL SETTLE CONTROL OF ALSACE

The beautiful German city of Strassburg, a French infantry charge (upper right hand corner) and German mounted artillery in action.

With the German troops concentrating at Strassburg and the French, encouraged by their many victories in lower Alsace moving toward the city in forced marches, the green fields that surround the beautiful German city threaten to be turned into a bloody battlefield. This battle when fought will settle the control of Alsace.

GREATEST BATTLE IN HISTORY IS BELIEVED TO BE IN PROGRESS

(By Herbert Temple)

London, Aug. 13.—Although a battle greater than anything known in history has already opened in Belgium, continental censors were careful today to render impossible any clear view of the disposition of 2,000,000 men moving rapidly to conflict.

The most important known phase of the fighting is the engagement on the right bank of the Germans where the Belgians are reported to have crossed in the rear of the Germans, turning the right wing. About 12,000 men were engaged in this conflict, including infantry, cavalry and artillery. Although the German right is said to have been beaten back there is no official confirmation of early reports that Emperor William's forces were routed.

Following receipt of dispatches from Brussels the official press bureau issued the following statement: "An engagement has occurred northwest of Hasselt (Belgium) between Belgian cavalry supported by infantry, and German forces presumed to be the second cavalry division, 2800 strong, supported by one battalion of infantry and 12 guns.

"The fourth German cavalry division is reported to be moving toward Jodoigne but no German infantry is known to be on the

left bank of the Meuse except those above mentioned. A battalion of Germans are entrenched near Vise. The Belgian forts at Liege are still holding out. The Germans are training batteries of heavy guns north of Liege preparatory to a siege of the forts. Heavy artillery fire is heard there.

"The Germans are constructing a temporary railway between Vise and Namur, parallel to the frontier of the province of Limburg in the Netherlands. The Germans are throwing up entrenchments all the way to Liege."

These entrenchments are evidently those being built from the Dutch frontier westward along the Meuse.

Continuing the statement says: "Foy, Marche and Bouffalize formed the points on the western frontier held by the German cavalry columns. German cavalry is moving eastward toward Oorthe valley.

"The French retreat from Mulhausen in Alsace was well carried out in face of the fact that the opposing forces in proportion is 4 Germans to every Frenchman. The German field artillery proved far inferior to that of the French and the shrapnel seemed only differently well aimed. The German artillery has not proved as effective as has been expected."

VICTORY AT PONT MOUSSON

Paris, Aug. 13.—An official report of the fighting of the Germans and French at Pont Mousson, north of Nancy, issued today says: "The fighting which started on August 12th continued on August 13th under the most favorable conditions for the French. It may be summed up as follows: The first phase was an attack on two French battalions by German forces. The two battalions fell back but during the night were reinforced and assumed the offensive supported by artillery. The counter attack caused the Germans to retreat, leaving behind a large number of killed, wounded and prisoners. The Germans abandoned much of their artillery, machine guns and munitions. The French troops followed by their advance and on Wednesday the French surprised the 21st battery of Baden dragoons and in a few moments the regiment was destroyed. The effect of this victory was perceptible. Not only were the Germans stopped but driven back. Nine German officers and 1,000 wounded men fell into the French hands as prisoners. The poor quality of the projectile used by the German heavy artillery was demonstrated during the bombardment of Pont Mousson.

Weiny Gives Advice

"My advice to Portsmouth people is to stay right here and let Ford plant. At Toledo Mr. Weinberg said that he ran into a crowd of 600 men at the Overland plant all trying to get work. John says he is glad to get back to Portsmouth and he is going to stay here.

The Official Vote Made No Changes

The official count in the county commissioner race on the Republican ticket at Tuesday's primary election, completed late Thursday afternoon, by the board of elections, made no change in the list of winners shown by the unofficial figures in Wednesday's Times, and the trio that will go upon the ballot at the November election are Watkins, Hill and Worley.

Shively, the fourth man in the list, and who refused to concede his defeat until the official count was given out, gained two votes on Worley in the official count, bringing down the latter's majority to ten votes. Hill led the ticket, getting 15 more votes than Watkins, who ran second. The official vote on commissioner is as follows:

Watkins, 194; Worley, 799; Shively, 513; Hill, 221; Ford, 821; Hill, 1122; Worley, 326; Rockwell, 242; Shively, 982; Stewart, 291; Taylor, 386; Watkins, 1197; Worley, 392.

No other figures were available at press time, but the board announced that the full count would be completed some time Friday morning.

On Official Business.

J. W. Overstreet, route agent of the Southern Express Company, and W. T. Dougherty, division agent of the Adams Company, were here from Bluefield, W. Va., on official business Thursday.

A baby of Walter Jackson, an employee of A. J. Martin & Co., bridge contractors, is very ill with fever at their home on Seaside street.

BILL FOUND IN ASH PAN

The all absorbing topic at the B. & O. S. W. sand house, Thursday, was the unusual luck of Charley Coey, a yard fireman, in recovering a \$5 bill he had lost.

Coey had just been examining his roll, having drawn his semi-monthly pay Wednesday evening when the greenback dropped between the engine and tender. The exhaust suction drew the bill into the ash pan of the engine. Coey had given up all hopes of ever finding the money, when some time later in dumping the contents of the pan on the ground, he was agreeably surprised to find the five-spot intact.

COPPER WIRE WAS STOLEN

The police department was notified Thursday morning that thieves entered the ruins at the Jacobs junk shop Wednesday night and stole about 300 pounds of copper wire.

The officers are working on a clue which may result in the apprehension of the thieves within the next 24 hours.

WILL GO UNDER THE KNIFE

Local relatives of Mrs. Fred Best of Waverly have received word of the illness of her son, Roy, an art student who lives in Chicago. He was committed to a hospital in Chicago, Wednesday morning, to undergo an operation for appendicitis. Mrs. Best is a sister of Mrs. Adam Frick, of Eighth street.

BIRTHS

A son was born Wednesday evening to Mr. and Mrs. Howard Ross of Sixteenth street. Mr. Ross is a shoemaker.

A nine and one half pound baby daughter was born to Walter Timmes, an N. & W. timer, and wife, at their home in the Major flats on Second street, Wednesday night. The child is their first born and makes Fred Hunter, well known shoemaker, grandpa.

James Johnson, colored man arrested Wednesday evening for starting a disturbance at the New York Ice Cream Parlor in the North End, was convicted of disorderly conduct before Mayor Frick Thursday afternoon, and fined \$10.

To Winter Here. "Texas Joe" Rowley, a popular barber who years ago worked for W. O. Horn, has just returned from the Lone Star state and expects to spend the coming fall and winter here.

Broke Up Camp. The sudden death of George Daley's mother, at St. Albans, Vermont, cast a deep gloom among his fellow campers, Bud Myster, Henry Weber and others at Shady Nook and they returned to Portsmouth Thursday morning.

Making Changes. Reilly Bros., commission merchants, are making some alterations to the office of their store room on Second street.

Buys Thoroughbred. Albert Wise of Fifth and Market streets, purchased a fine thoroughbred horse of Gracey Henry Gleason Thursday.

New Car Here. The fine Ren touring car, purchased by August Under through David Stabler arrived in the city Wednesday.

Miss Norma Mayer, of Fourth and Bond streets, left Thursday for a visit in Hamilton, O.

Miss Ida Brown, of Market street, who recently underwent a surgical operation is now slowly improving.

Harry M. Baker, auditor of the Selly Shoe Company, accompanied by his family, will leave next Monday morning for a two weeks' sojourn at Lakeside.

Left For East.

Charles Wise, Will Frederick and Charles Welch left Thursday on a month's vacation trip to Philadelphia, New York, the Hudson river, Niagara Falls and Detroit.

OBITUARY

S. S. English. Seato county lost one of its most familiar characters and one of its oldest grocery keepers when death claimed S. S. English, who for over 40 years conducted a general store at Rushtown on the West Side. Taken ill two weeks ago with complications, his condition became alarming, owing to his advanced age. He suffered a stroke Wednesday afternoon and it ended in his death at 6 o'clock Thursday morning.

Mr. English was 79 years old and was a widower, his good wife having died three years ago. He is survived by eight daughters as follows: Mrs. Callie Blackburn of Otway, Mrs. Aggie McCoy of Mineral Springs, Mrs. Mary Vanghters, Mrs. Lillie Balsinger of Stockdale, Mrs. May Emory, Mrs. Nettie Southers, Mrs. John Smith and Mrs. Minnie Shively.

Mr. English was one of Seato county's best known men. He had long been active in its affairs. He was prominent in religious work, having for over a quarter of a century been a pillar in the Rushtown M. E. church. He was devoted to his family, was kind and charitable and a good man in every respect was called away when the icy hands of death touched his brow.

Mr. English attended strictly to his own business and lived a quiet and contented life at his little place at Rushtown, and the news of this excellent citizen's passing away will be learned of with sincere regret.

Samuel Stewart English, eldest son of James English, was born and raised on the old home farm between Portersville and Prospect. He worked on the farm until twenty years of age, when, with the consent of his father, he took a position in the general store of William Allen of Prospect, Pa., and later worked in the store of Samuel McIlhenny, Portersville, Pa. In the fall of 1856, he came to Ohio and engaged in school teaching for about twelve years, teaching in winter and farming during the summer season. He was married to Sarah Bowser, formerly of Armstrong county, Pennsylvania, January 28, 1858.

Mr. English engaged in the mercantile business at Rushtown, Ohio, May 22, 1875, where he conducted a store with gratifying success until the time of his death. He was instrumental in establishing a U. S. postoffice there, which has grown from a once a week mail service (on horseback) to a three mail per day railway service, a money order and rural carrier office, of which he was postmaster for over a quarter of a century. He was also township treasurer of Rush township for over twenty-five years. He and his wife, who preceded him to the grave, celebrated their golden wedding anniversary January 28, 1908.

The funeral services will be conducted from the Rushtown Baptist church Sunday morning at 11 o'clock, by the Rev. A. K. Murphy, the pastor. Interment will be in the Rushtown cemetery.

Hammond Funeral

The body of Charles Hammond arrived at 11:13 from Sterling, Kan., and was removed to the residence of Mrs. M. M. Cumins, 312 Fourth street. The body was accompanied by Dr. Keawls and Edward Gregg, of Sterling, brother members of the K. of P. lodge of that city.

The funeral service will take place Friday afternoon at a quarter of 2 o'clock at the house in the event of the arrival of his brother from Cincinnati. If there is any change in the above arrangements announcement will be made in the Noon Extra Friday.

McElhaney Thanks Friends For Support

County Clerk Roy McElhaney was at his desk Thursday as fresh and happy as if he had been the winner instead of the loser in the race for the Republican nomination for congressmen in the Sixth district. Mr. McElhaney hoped to be able to get away Thursday afternoon for a short outing in Cincinnati to recuperate from the strain of his recent canvass.

Discussing the result, Mr. McElhaney said that he was deeply appreciative of the splendid support given him by the Republi-

Mrs. Edgar Draper Hit By Automobile

Thursday's Cincinnati Enquirer contained an account of an accident which occurred there Wednesday morning, in which the victim was Mrs. Edgar F. Draper, prominent club woman of this city.

Mrs. Draper, who is visiting relatives and friends at Pleasant Ridge, a suburb of Cincinnati, was struck by an automobile at the corner of Fourth and Race streets in the latter city. She was not seriously injured and was able to go to the home of friends at Pleasant Ridge immediately after the accident.

Many Deals Are Closed By Bierley

Will the European war affect local estate business of Portsmouth? Will it cause people to keep their money and not invest it in good property?

H. A. Bierley has reason to believe that the real estate game will not be affected by the war. He has been busy today closing many deals in a single day. The deals were completed Wednesday by The H. A. Bierley Real Estate Company.

Bierley bought Mrs. Sarah C. O'Connell's property on Gallia street, corner of Officers. He will erect a modern piece of property.

Bierley sold his fine home at 1717 Lincoln street to George W. Taylor, well known cement contractor.

William Annabrister purchased a lake cottage at 1111 Third street, the deal being made by Mr. Bierley. Mr. Annabrister bought Mr. Annabrister's C. O'Connell's restaurant business in East Portsmouth.

Many deals closed during the few days by Mr. Bierley were:

Gold Kaps Bros., elegant 1722; Thomas's avenue to Wilson, a well known N. & W. timer. The house is one of the complete on the Hilltop.

Bierley purchased Mrs. Gardner's house at 1414 1/2 street. He will probably remodel it.

Bierley sold the last of the Ex-Ex shoe company's cottages at

WALKOUT TIED UP HOTEL LAUNDRY

It has just leaked out that the cause of the Washington hotel laundry's suspension of the past few days was a walkout among the employees.

It seems that Mrs. Agnes Spence-Hagen, who had been employed in the laundry ever since the opening of the hotel 14 years, objected to the management engaging one Letitia Mershon, of Second street, for work there.

Incomes Revealed In C. & O. Report

Richmond, Va., Aug. 13. Henry T. Wickham, general counsel of the Chesapeake and Ohio, has the largest income of any official of that road, according to figures compiled today from returns for income taxation in Virginia. The figures show that Mr. Wickham's income for the past year was \$29,920. George W. Stevens, President of the road, comes next with \$26,000. Incomes of prominent Ohio officials are reported as follows:

Henry Taylor, Jr., Assistant General Counsel, \$12,230; Decatur Avenue, First Vice President, \$16,439;

M. J. Caples, Fourth Vice President, \$14,510; George P. Johnson, General Manager, \$15,585; F. L. Caldwell, Chief Engineer, \$3,550; Garrett B. Wall, Assistant to the President, \$10,000; E. D. Hotchkiss, General Freight Agent, \$7,300; L. L. Scherer, General Claims Agent, \$2,500.

The first \$2,000 income of the individual is exempt from taxation. On all above that figure a tax of 1 per cent is levied. This is exclusive of the Federal income tax. The submitting returns are permitted to deduct losses on investments and the like during the year from their incomes.

City Solicitor Stanley McCall filed an answer in common pleas court Thursday afternoon to the petition of Gussay H. Heinisch for an injunction restraining the city from proceeding with the Gallia plan improvement on the ground that the street line encroached upon his property. The matter will be up for hearing before Judge Thomas Friday afternoon at 1 o'clock.

In the answer, the city solicitor claims that Heinisch, along with other property owners along Gallia street, in 1912 petitioned the city council to cut down Damarin Hill and improve the street to a 66-foot width. It further states that the city went ahead with the improvement as requested, and laid out the street lines to suit the best convenience of the general public and the property owners. It is also set forth that at the time Damarin's bill was put down, the greater portion of the dirt was dumped upon Mr. Heinisch's property, thereby enhancing its value to an appreciable extent.

A general denial to the allegations in Mr. Damarin's petition is embodied in the answer, which seeks to have the court dissolve the petition for an injunction.

Andy Leslie Will Be Given Hearing

Formal application for a rehearing of the charges against him which brought about his dismissal from the police department, recently was filed with the civil service commission Thursday afternoon by Andy Leslie, former police patrolman. In his application Leslie enters a general denial to all of the charges contained in the notice of suspension from Chief McCarty, which charges were sustained by Safety Director

Lake a few days later, Leslie claims that he will have witnesses to prove his innocence.

John Wurster, president of the commission, has fixed the time for hearing of the appeal on Friday evening, at 7 o'clock, in the safety director's office.

Pay Day On B. & O.

The local employees of the B. & O. S. W. received their semi-monthly pay checks Wednesday.

Newspaper Man Tells How It Feels To Go Under Knife

"What of surgery now? Is there anything dreadful in the knife?" This was the greeting of a Times man to W. B. Tomlinson, who has just returned from Christ Hospital, Cincinnati, where he underwent a very critical operation, and for hours, at one time, was thought to be dying.

He answered with a smile. "This is my second experience. Years ago, I was afraid of the anesthetic, but never of the knife. My heart was weak, but Dr. Rardin brought me through nicely on that occasion, and the malady he removed has never returned. And there was nothing terrible in the anesthetic. After the hood had been placed, I saw golden oil dropping onto a surface of liquid green and spreading in iridescent circles. Then, momentarily, I felt myself sinking. Someone seized my arms as I tried to dash away the hood. There was a sound of voices, and the hood had been lifted.

"Doctor," I suggested, "if you can't use the anesthetic, why not go on without it?"

"Why, my good man," said he, "it's all over and done long ago." "I had been an hour and a half under the anesthetic and knew no more about it than I did about the Chinamen on the other side of the world. But, the after-effects are not unlike with everybody. Some people are quiet and others hysterical. With me the reaction brought strange visions, and started my tongue like an old-time village fire-bell. I could hear its wild clatter, but never knew what it intended to say.

"This time, Dr. Kline, who doesn't care to practice surgery, sustained me until I could be taken to the Cincinnati specialists engaged by my son. To do this, he resorted very reluctantly to opium, the only known specific in such cases.

"At Christ Hospital, the case was taken charge of by Dr. Gordon McKim, a specialist of national prominence, who has recently operated successfully upon Mr. Neudorfer and other citizens of Portsmouth. Associated with him was Dr. Wm. Graf, a remarkably successful practitioner, who frequently is a guest of his uncle and cousins in this city. These practiced gentlemen examined their emaciated and emaciated subject, finding only a shadow of a chance for him by surgery, and otherwise none.

"As I lay on the table, the hood was adjusted, and I remembered it as probably my last conscious earthly experience. I drew a deep breath, and then another, during which which fantastic figures flashed by, followed by darkness. An hour later I awoke feeling fine. Every pain was gone. Dr. McKim had taken from my bladder a solid bladder weighing three-quarters of a pound. With the accepted average weight of organs at ten to a pound, it would take seven and a half to equal the weight of that stone.

"In his thank-offices on the momentous day of the Union Central

sky scraper, Dr. McKim has enthroned in state that king of bladder stones.

"I came from that operation barely alive. The weight of a breath-blown feather would have turned the scale. And yet, I felt good. The distress of years was gone. Doctors and nurses, seeing my gladness, smiled gladly in return, and gently nursed me back to life. But the opium I had been taking for weeks in increasing quantities was still a deadly proposition. My reason was tottering. I was on the ragged verge of wild, hopeless insanity, and the supply of the deadly poison must be decreased slowly. I saw threatening horrors that were not and could not be. In my critical condition my struggles to avoid them might have proved fatal at any moment. But the nurses were watchful and kind, and with their efficient aid, skilled surgery saved me."

"Are there many elderly people at the hospital?" was the next inquiry. "Quite a lot of them, and all doing well. The day previous to my leaving, a fine-looking old gentleman, evidently nearing his four-score years, walked into our ward, divested himself of hat and coat and sat down as coolly as if on his own piazza. He was Dr. Palmer, a noted Kentucky physician. Attendants came and prepared him for the operating room. An hour later he was back again, sleeping like a child. On the next day came another gentleman, apparently older than the doctor. His wife said he had an abscess on the stomach and he had not swallowed anything but liquid food for over six months. He was so old and feeble, and his trouble so serious that I knew instinctively he could not survive. I visited the hospital a week or two later, and there was the old gentleman, chirping like a cricket, and eating all kinds of food.

"And you were treated well, I suppose?" "Never better. After losing all my aches and pains, it would have seemed like a picnic, but for the horrors of that opium."

"Then, you don't believe in opium?" "Yes I do, as a last resort. But, if you need surgery, have it done before the opium starts in. This drug is not given in smoke, China to China, as was a hereditary habit of mine, but it comes to surgery or opium, choose the knife without hesitation."

"Were there no pleasing fancies?" inquired the Times man. "They were rare, I recall one. A large apartment in a lovely home had been transformed to appear like a stable, in the left of which were mingled fresh hay and beautiful presents. Everything was so nicely clean. In a manger was Mary and the Christ, and the wisemen tending above the manger. And, over and through it all, presided the soft, kindly light of the Star of Bethlehem. Then, like the favorite emblems of some enchanted choir, came the tinkling music of tiny bells, growing not loud, but clear and clean, and clear, as if some kind of twinkling fairies were delicately tinkling them and vibrant shivers about the heart. Sober, sober, halting reminders, paws of the pouter, and jolly St. Nick came in with a rush. I was and I heard the voices of Mr. and Mrs. John F. Williams, congratulating him, but I couldn't see them.

"I asked the nurse whose lovely home we were in. She told me it mattered not. I should only remember what I had seen."

SURPRISES MANY IN PORTSMOUTH

The QUICK action of simple back-thorn back, shooting, etc., as used in Adler's, the remedy which has become famous by curing appendicitis, is being found that this simple remedy drains so much foul matter from the system that a SINGLE DOSE relieves constipation, scur stomach and gas on the stomach almost IMMEDIATELY. Adler's is the most thorough bowel cleanser ever sold. Worcester Bros., Druggists, 410 Chillicothe St.

The following night, when she came on duty, I wanted to know how I had been transported to that beautiful scene without being aware of it. She laid her cool hand on my forehead gently and bade me go to sleep.

"Everything was far more vivid and intense than the actual happenings of every day life. For weeks, and more especially at night, sharks and sea-monsters darted at me through the air, and demons, both human and infernal, lurked in the shadows to murder me. When I began to realize that such things could not be, then I also became skeptical as to whether I had really been a visitor at the home of Mr. and Mrs. John F. Williams.

"Shun opium as you would hell itself. For each grain of something there are hours of insupportable misery. Knowing what it is, from dreadful experience, I want to warn others. If any of your readers need surgery, tell them not to fear the knife or anesthetic. The skilled surgeon mends, and restores the broken works of God."

"You are certainly looking well after what you have gone through," the reporter observed encouragingly. "Yes, and feeling well. After the elimination of that demon, I grew better so rapidly that my son Frank took me to his home on the hills several weeks ago. From 90 pounds I have gotten up to 150. I have only fifty pounds to gain before I reach my normal weight."

Fullerton Letter

Editor Times:— Fullerton, Ky., August 12.— There will be an ice cream social Saturday night for the benefit of the M. E. church and everybody is invited.

We all feel thankful for the good rain. Everything is about as usual in Fullerton, plenty of produce, the merchants all seem to be doing a good business. Plenty of produce of all kinds is coming in. The Peopless makes three or four trips before the regular trip, to take wagons over the river. The W. C. T. U. will hold their regular meeting Friday afternoon at Mrs. B. W. George's and will elect officers for the coming year. Will all the members please come, and those that have not paid their dues please bring them. Or send them as the treasurer's books close the last of August. Mrs. T. A. Childs, President.

"Honor" Convicts Just Hiked Out

Columbus, Ohio, August 13.—Three "honor" convicts walked away Tuesday night from the state quarries near the State Hospital. Frank Holt, of Scioto county, burglar, serving two years, and William Jones, negro, serving an indeterminate sentence from Hamilton county for manslaughter, made their getaway from the quarries. Preston Hillan, Allen county, three years for abandonment of children, also walked away from a quarry at the State Hospital.

Alleges His Wife Does Him Injustice

F. L. Valodin, whose wife, Mrs. Annie Sumner-Valodin, of Marion, O., wrote to the local police asking them to locate her husband, proves to be a former Portsmouth man. Mr. Valodin called at the Times office Thursday morning and said his wife made a practice of annoying him by writing letters to police and newspapers wherever he went. He said she caused him to lose a job he held on the Erie railroad for 13 years and also caused him to lose a position he had in Indiana. He claims he has sent her \$18 to \$30 per month for the support of their two boys ever since they became separated two years ago. In her letter she claimed he had sent her but \$5 in two months' time. Valodin until recently has been employed as a hostler on the N. & W.

SURPRISES IN PRIMARY IN LAWRENCE COUNTY

Ironton, O., Aug. 13.—At the primary Tuesday, Frank B. Willis carried the county by 928 majority. Judge Walters had 238 over Judge Middleton.

There were many surprises on the county ticket. For auditor, Sam Bowman, the present incumbent, was beaten by Crawford by 40 votes. For representative Dr. Alf Robinson was beaten for re-election by a man named Williams by 10 votes.

Ralph Mountain was renominated for clerk with 150 to spare. Two of the present board of commissioners, Capper and Hayes, were defeated, the nominees being Sidney Willis, J. T. Neal and E. D. Hammer. T. K. Cooper was named for prosecutor by 1222 plurality.

In the congressional district R. M. Switzer was renominated by 812 plurality.

Boy Hero Saved
Willis' Daughter
From School Fire

Charles Donaghy, well known former Portsmouth contractor, who arrived here from Knoxville, Tenn., Wednesday on a few days visit to old friends, rejoiced to learn that his friend and neighbor Frank B. Willis of Ada, Ohio, won the Republican nomination for governor.

Mr. Donaghy and family now live at Ada and it was a little incident at school some months ago that brought about a strong bond of friendship between the two families. The Republican stand-

ard bearer has a young daughter who is crippled. One day at school a fire drill was ordered. Some confusion resulted and the child was about to be trampled upon by the boys and girls behind her when Donaghy, the young red-haired and freckled son of the former Portsmouth man, picked her up in his arms and carried her down several long flights of stairs and out of the building to safety. Since then Mr. Willis has gone out of his way to show Don and others of the family every possible gratitude for his act.

Buildings Burned;
Woman Suspected

Wes Euton awoke at his home in Healey a few mornings ago to find his barn, hog pen and chicken coop had been completely razed over night.

The destruction of property is laid at the door of a woman and an arrest and prosecution is expected within the next day or two. It is claimed. Euton estimated his loss at \$500.

Examination Here
On September 14

The State Civil Service Commission has announced that the examination of all employees in this county in the classified service will be held at the Court House in Portsmouth on the morning of September 14, at 9 o'clock.

This examination will be conducted by a special representative from the State Civil Service Commission and is non-competitive, being limited to only those who are now in the classified service.

Big Crowd Still
Enjoying Bathing

The cool evenings have not kept down the attendance at the bathing beach and each evening brings some new faces. Dressing facilities are still unsatisfactory, although a small

tent has been moved over to near the women's edge. An agent for an aluminum ware concern had his clothes robbed of a gold watch and some money some nights ago while he was in bathing.

The bathing beach will probably be wiped out once the government dam below Portsmouth is completed and placed in operation.

Experience is or should be our best teacher. Women who have obeyed the highest and noblest of all commands, the struggle for the life of others, have a better idea of helpful influence than those who thrive on observation.

At any rate when a progressive grandmother urges her daughter to do as she did to use "Mother's Friend" there is reason to believe it the right advice.

"Mother's Friend" is an external application for expectant mothers. Its purpose is to furnish plenty to the mother, to take away the strain on the body and to relieve the tension of nerves and tendons so as to provide an appropriate nursing, morning sickness, swellings of the limbs and so on.

Although, in the nature of things, a woman would use "Mother's Friend" but not rarely, yet so effective has it been found that this splendid remedy is on sale in most drug stores throughout the United States. It has been printed by Dr. F. P. Pieper, Inc., and Dr. F. P. Pieper, Inc., Atlanta, Ga., and is advertised by us for over forty years. This is a fine record for such a simple remedy and the grateful letters received to-day are just an appreciation of what this remedy has done for so many years ago.

"Mother's Friend" is worth while.

Three Foreign Cruisers Awaiting Prey Off Atlantic Coast

THE ENGLISH CRUISER ESSEX. THE GERMAN CRUISER DRESDEN. THE ENGLISH CRUISER BERWICK.

People of the Atlantic seaboard cities have been excited for several days over the presence of seven foreign cruisers waiting to catch liners of their enemies going to or from New York, Boston and Philadelphia.

The Dresden, the Strassburg and the Karlsruhe, German warships; the Berwick, the Essex and the Lancaster, belonging to the British government, and the French cruiser Conde are the vessels seen captains have reported. Yet their presence has not hindered several fast vessels from slipping in and out of New York. The Cunard liner Lusitania, the fastest and one of the largest liners, slipped out in the dark Tuesday morning and headed for Liverpool. The President Lincoln of the North German Lloyd, a German company, arrived Tuesday. But the danger of the cruisers has been sufficient to keep up the new Vandal of the Hamburg American line, the largest vessel in the world and the most costly. The liners came in sight of each other yesterday of the same company, the second largest, was held in Europe. It was expected that when the British, German and French cruisers more directly.

AT THE STATE CAPITOL BY SEC. T. BLAKE.

Columbus, O., Aug. 13—Ohio by Democratic will be the subject of the most important campaign in her political history, 27 years old Saturday, this week. According to the consensus of opinion among observers at the Capital, there will be a number of contests in the state. There will be a number of contests in the state. There will be a number of contests in the state.

Senator William Gibson, of Paducah, author of the coal-creek law, and Representative W. D. Fulton, of Nevada, author of the congressional restricted law, failed in their attempts to prevent Congressman William A. Ashbrook, of Johnston, from again winning the Seventeenth district seat in the United States. Ashbrook is now on his fourth term. His district is overwhelmingly Democratic and so he is sure of reelection. Two years ago he was elected by a plurality of more than the largest given any candidate for congress in the United States.

A variety of circumstances operated to defeat Congressman J. Henry Goeke, of Wapatomia, Democrat, for re-election. In the first place, his district, the Fourth, is a western one and this was one point of attack in his path. Goeke was warm in his support of the state administration and so was minus the backing of the state organization, which was thrown to F. W. Cunningham, of Bluffton, Allen county, his successful opponent. There were factional squabbles, and added to this the war and dress of the state administration and so was minus the backing of the state organization, which was thrown to F. W. Cunningham, of Bluffton, Allen county, his successful opponent.

The votes of Dr. Samuel Fess, Republican, from the Seventh district, will continue to be heard in the halls of congress. His re-election means that he will again be elected as his district is strongly Republican. Fess was urged to be a candidate for the Republican nomination for governor, but he refused to do so. He has already won a first round fight, and he is not yet in view of Congressmen from Ohio in a week and the Willis' race captures of the Republican leadership in the state. The Democratic fall campaign, according to report from the Republicans and Progressive party camps, is in progress and will not begin "hostilities" at last until after the first of September. The middle of September, at the latest, will see the race at full tilt.

General Isaac R. Sherwood, of Toledo, nominated by the Democrats of the Ninth district, for a third term in the national house of representatives, if re-elected, which is probable, as his district is strong

Guthrie asks that he be notified through the columns of this paper that there is nothing against him at Shepherd, and that he can go back there without any fear of arrest. He also stated that the man with whom he had trouble had entered a plea of guilty and the case was closed.

Completing Arrangements For Forty-Second Annual Session Of Jr. O. U. A. M.

Arrangements are fast being completed by the local lodge of the Jr. O. U. A. M. for the Forty-Second Annual Session of the order, which will be held in this city on August 25, 26, and 27. In the neighborhood of 500 delegates from all over the state will be in attendance, while it is fully expected that 1500 visitors will be in the city during the session.

The meeting will open on the morning of Tuesday, August 25, in the First Christian church, where all sessions will be held. On Wednesday evening the visiting members will be entertained with a reception at the Ben Hur Hall, corner Fifth and Chillicothe, with the Daughters of America in charge of the arrangements.

Word has been received that several of the regimental officers of the uniformed rank from Cincinnati will stop off at Portsmouth during the convention on their way to Manchester, where the encampment will be held the following week.

The session will be presided over by E. B. Goodlin, state councillor, of Toronto, Ohio, while a goodly portion of the business of the convention will be in the hands of the state secretary, J. G. A. Richter, of Canton. All of the state officers will be present.

Various means of entertainment for the visiting guests will be devised by the local lodge. The managers of the Columbian, Lyric and Arcadia motion picture theatres have informed the committee that their doors will be open for the guests during their stay in the city. A boat ride on the Ohio river had been planned for, but had to be called off owing to the low stage of the river.

PROF. FULLERTON IS NEW SUPERINTENDENT

Presidents of the township boards of education in District Number Four, composed of Clay, Porter, Green and Vernon townships, and the village of Havers, met at the office of County Superintendent E. O. McCowan of this city late Wednesday afternoon, and unanimously elected Prof. Clark Fullerton, an old Scioto county teacher, as superintendent of the district at a salary of \$1,500 per year. The appointment was made upon the recommendation of Superintendent McCowan.

Prof. Fullerton is no stranger in educational circles in Scioto

county, having been born and reared in Madison township. Besides teaching various schools throughout the county, he was superintendent of the Lucasville schools for two years, and last year was superintendent of the public school at Frankfort, Ohio, where he made an excellent record as an instructor and supervisor. His appointment will undoubtedly be received with favor, not only in the particular district, but all over the county.

Before the week is over, the presidents of the boards in the other districts will meet to name the superintendents of their respective districts.

Mr. Sands Likes His New Position

John E. Sands, former local B. & O. S. W. agent, and formerly returned to Louisville, Ky., Friday afternoon after a few days' visit with Mr. and Mrs. Ed MacLor of Poncha street. Mr. Sands is well pleased with his new surroundings in the Falls city, and he is general thought a root of the B. & O. S. W. having no difficulty in finding a fresh crop of auto men over the city, and was necessarily surprised at the extensive improvements that have been made and started since he left Portsmouth last December.

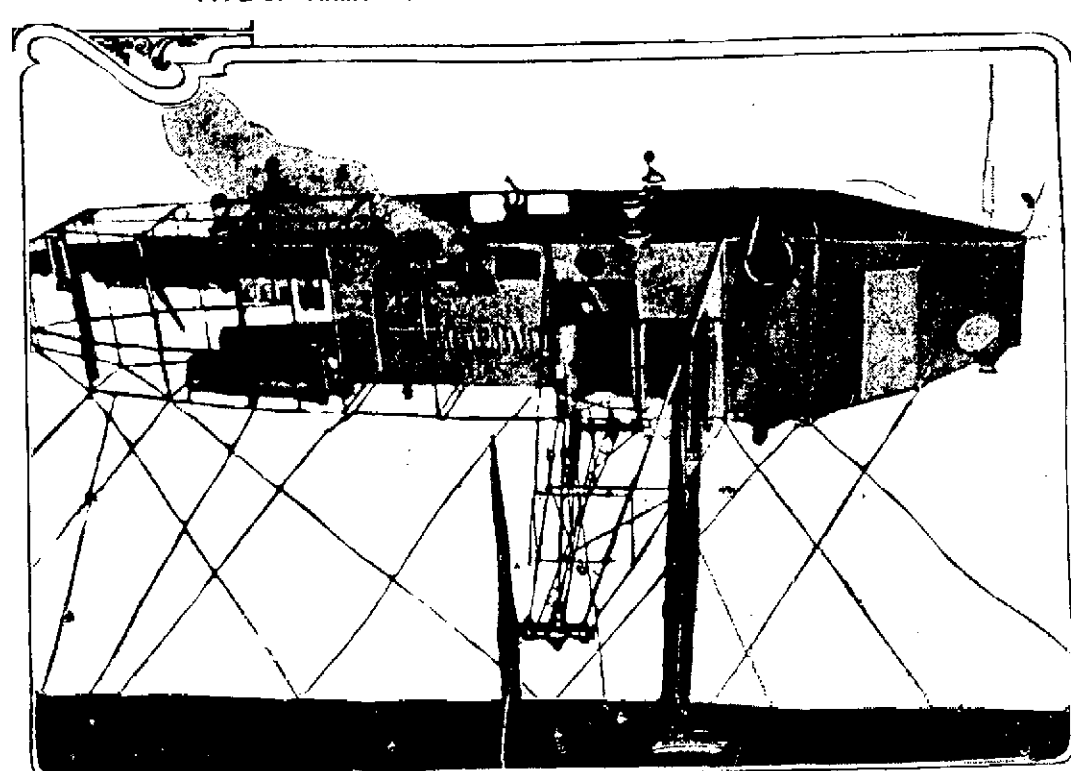

Woman Sent Home

Attorney Arthur H. Bannan has returned from Chelsea, Mass., where he visited relatives for several weeks. Mrs. Bannan will not return home until Sept. 1.

GRAND CAFE IMPROVED

W. L. Ward, proprietor of the Grand Cafe, has installed one of the best improved steam tables in the city, which adds greatly to the appearance and convenience of the establishment. It is expected to be in use by the city.

TYPE OF ARMORED AIRSHIP BEING USED IN FRENCH INVASION

That the nation with the most efficient aerial fighters will be the victorious power in Europe's general war, is the statement of all naval experts. No nation is so well equipped with aeroplanes as France, but Germany has many aerial fighters of the dirigible type. Which type of machine will prove most effective in actual warfare remains to be seen. The photograph shown above is of a new French aerial warship which has a heavily armored fighting cage of steel suspended from a cigar-shaped gas bag. The cage offers protection for rapid fire guns and sharpshooters and is known as the Fleuret.

NEW BOSTON

The Board of Education of New Boston met in adjourned session Wednesday evening in the council chamber with three members present, J. C. Harris and John Nuel being the absentees. One bill, amounting to \$24.50 was presented and paid. It was for the digging of a new vault at the new Stanton avenue school. Bids on the \$25,000 school improvement bonds were to be opened at this meeting but Clerk Roy Calum reported that no bids had been received. If there are no bids by the time of the next regular meeting on the last Friday of the month they will be sold at private sale. All the teachers who have been named for the two village schools next term will be present at the next meeting and will be given instructions. The teachers are brought before the board each year before they begin their school work. The work of closing up the schools and school premises has been completed and everything is in readiness for the opening of the schools.

Contractor J. C. Harris of New Boston, has resumed work on the brick building that Grover O. D. Chinn is erecting in the village. The work had been halted on account of the inability to get a special kind of rafters, 25 feet long and 14 inches thick. The large rafters were necessary as there are no middle pillars in the building which is 25 feet wide.

Margaret Carter, daughter of William Carter of New Boston, has fully recovered from a fractured right arm. The splints were removed from the arm several days ago.

J. M. Parsons, steel plant employee, who over indulged in fire water in New Boston Wednesday afternoon, was locked up in the village jail by Deputy Marshal Martin Hall, a charge of drunkenness being placed against Parsons. Parsons was before Mayor Sam Davis a little over a week ago.

Contracting Carpenter E. L. Churn of New Boston, and a force of men will begin work Monday on the new two story frame structure that Deputy Marshal Joe Fitch of the village, is having put on an Gallin pike. The new building will be occupied with a butcher shop. The second floor will be converted into living quarters.

Mrs. Ernest Calum, wife of Druggist Ernest Calum of New Boston, is showing very little improvement after an illness of fifteen weeks. She is at the home of her parents, Mr. and Mrs. Oscar Calum, Sr. Mrs. Calum underwent a very delicate operation at the Hempstead hospital twelve weeks ago.

Samuel Vickers was lodged behind the bars of the jail in New Boston Wednesday afternoon on a charge of disorderly conduct. Vickers and his wife were engaged in a warty battle and hair pulling match on Gallin pike near Munn's barn when taken in tow by the village officers. Vickers had a thirty day workhouse sentence hanging over him as he has been in police court a number of times. Mrs. Vickers was formerly Caddie Sanders, also a frequent caller in Mayor Davis' court.

Thomas Park and Roy Calum of New Boston are complaining loudly of the bad condition of the Chillicothe pike near Chillicothe. They went to Chillicothe several days ago to see a ball game and each one experienced more or less trouble with their automobiles. Just this side of the city the pike is being repaired and they had to drive through a cornfield, there being no sign of a road. Several rocks on the York machine were badly bent while Calum had to put a new axle on his car. "The condition of Gallin pike is far better than the pike near Chillicothe," says the two villagers.

That state went dry. Mr. Emmertmann has been in business in the village for three years, coming to the village from Cleveland, Ohio. He will sell his entire house furnishings and will go to Hot Springs, Cal., for his health. If he does not improve he will go to California.

Jack E. Thomas, who has charge of the scrap iron department of the Portsmouth Steel company's plant has had his office moved from the First National bank building to the plant in New Boston.

Norman Hood and Garland of Gallipolis, returned here from Cincinnati Wednesday having shipped their canoe back home from the Queen City. They expect to spend a few days visiting the former's father, Perry Hood of the Palace Cafe. The two on their way down met another canoe party composed of several Cincinnati young men and had a quite a time camping and fishing.
